

CLASSIC Series

Stylish Yet Familiar

Continuously seeking revolutionary breakthrough in both size and durability, the MEGAMAN® CLASSIC series delivers a classic feel that allows fitting into almost any lighting fixture of your choice to offer you better lighting with less power consumed.

Applications

Living rooms, bedrooms, dinner rooms, study rooms and general lighting purposes.

These lamps does more than replacing the incandescent classic and saving energy, they are also designed to incorporate safety with the protective silicone sleeve; last longer with a life span of 15,000 hours thanks to the *INGENIUM*® technology; deliver all-round illumination with a translucent lamp base; and also feature a petite size that enables fitting into most luminaires.
