

LED COB Track Light

The LED Track Light & Surface Mounted LED Spotlight is a premium, fully integrated lighting solution designed for professional commercial display and accent lighting applications. Featuring advanced COB LED technology with a deeply recessed optical structure, it delivers outstanding color consistency, superior glare control, and a high color rendering index (CRI 90) for natural, vivid, and accurate illumination. The adjustable beam direction enables precise and flexible light positioning, making it ideal for highlighting products, artworks, and architectural details. With dual-circuit track compatibility, flexible power options, and efficient thermal management, this luminaire ensures stable performance, high energy efficiency, and long-term reliability for retail stores, showrooms, galleries, and exhibition environments.
