COB
Track Light

The HKD-TR09 Series LED Track Light is a premium lighting solution engineered for high-end commercial display and accent applications. Featuring advanced COB LED technology combined with a deeply recessed anti-glare design, it delivers superior color consistency and a high CRI 90 for natural, vibrant, and true-to-life illumination. The adjustable beam direction provides exceptional flexibility, allowing precise highlighting of merchandise, architectural elements, and focal points. Designed with dual-circuit track compatibility and multiple power configurations, the HKD-TR09 ensures efficient performance, reliable operation, and versatile integration in retail stores, showrooms, galleries, and exhibition environments.
